The following complimentary

notice of our young friend John A.

Holmes, son of Dr. Holmes, of this

city, is taken from the Union

Democrat, published at Morganfield

Ky. In giving an account of the

Teacher's Institute held in that

place, the Democrat has the follow-

ing, which is very characteristic of

John A. Holmes is the light of

the Institute. He is overflowing

with mirth and wit. When he rises

he has the attention of the house,

and he justly deserves the same for

he never fails to sustain his position

and often turns the laugh of the

audience upon his opponent. Mr.

Holmes is one of the few men who

meet in a life time to whom the

term genius can be correctly applied.

Possessing a collegiate education,

he can easily give satisfactory answers

to the questions of the examiners

and get a first-class certificate, but

as he says, it is not a certificate, it

is a standard, and we agree with him

there, as in many of his other

points.

Sale of 7,480 Acres of Land.

In another column will be found

the advertisement of Mr. Polk G.

Johnson, Clerk and Master of the

Chancery court, of the sale of the

lands of Jackson, McKernon & Co.,

lying on the south side of Cumbar-

land river, in Montgomery and

Dickson counties. There are 7,480

acres in all, and have been divided

by Mr. C. W. Richardson, County

Surveyor, into forty-seven tracts

containing from twelve and a half

to three hundred and forty-two

acres. The sale will be on Friday,

January 2, 1880, at the old Tenness-

see Furnace. Now here is a chance

for both rich and poor to get homes.

Some of this land is fine farming

land and well timbered.

A plat bill will be issued in a few

days, giving the location and num-

ber of acres each tract contains.

Parties wishing to buy can get fur-

ther information by calling on Mr.

Johnson at his office in this city.

New Firm.

Mr. W. S. McKernon has sold

his interest in the Planning Mill to

Mr. John D. Baker. The style of

the firm in future will be McKernon

& Baker, Donnelly & Co. The members

of the new firm are O. E. McKernon,

John Donnelly and R. P. Jett. Mr.

Donnelly was the contractor of Mr.

Hall's new house, and is said to

be a first-class workman in every

respect. Everybody knows Lannie

McKernon and Rafe Jett, and they

need no recommendation from us.

We learn that they will soon

increase the capacity of the mill

preparatory to doing a larger busi-

ness next spring. We wish them

every success.

THE REV. J. D. BARBER is draw-

ing crowded houses at the Metho-

-dist Church. His congregation seems

to think the Bishop did a wise

thing in sending him to this station.

He is a strong man. There is a

freshness and originality about his

pulpit discourses seldom met with

anywhere. He is a bold and logi-

cal thinker, and holds his audience

from the first to the last sentence

of his sermons. If his audience

thinks he is increasing as they have

from his first sermon to this one,

Methodist friends will have to hur-

ry up and build their new Church.

Last Sunday and Sunday night

his subject was the parable of the

talents. They were regarded by

many as his ablest efforts since he

came among us. He also preached

at South Clarksville on Sunday af-

ternoon.

On last Sunday, as Mr. C. H. Rob-

erts and daughter, Miss Fannie,

were returning from the Court House

Bethel Church, on the Hopkinsville

pike, the horse became frightened

at a passing wagon and the buggy

was overturned in a gully by the

road-side, several feet deep. Miss

Fannie was slightly bruised, the

wheel having run over her shoulder.

Nothing was seriously hurt, except

the buggy.

It has been a long time since two

finer French China dinner sets have

been seen in Clarksville than those

now at Mr. Cooke's store—his stock

of Teacups, Chamber sets, Toilet-

sets, Vases and Fancy goods suit-

able for Presents is very large and

well selected, and no trouble need

be apprehended in suiting the taste

fancy and pocket of old and young,

rich or poor—look at his elegant

stock before buying elsewhere.

On Friday morning of last week

Mr. R. D. Moseley, county clerk,

accompanied by Mr. J. E. Bailey,

Justice, started out to take a

bird hunt. Just as they got oppo-

site Mr. Geo. Buck's back yard on

Greenwood avenue, his buggy came

uncoupled, and throwing them out.

Mr. Moseley was considerably

bruised and had to take his bed for

several days. He has about recovered

at this writing.

A serious accident occurred on Tuesday,

the 11th instant. While three

sons of Mr. A. J. Fletcher were out

hunting, one of their guns was dis-

charged accidentally, the ball tak-

ing effect in the knee of the young-

est, inflicting a painful wound. The

ball went nearly directly through

the knee. The boy is doing well at

this writing.

WINTER is upon us, or will be

right soon. If you know where

some poor family needs fuel and

clothing send it to them, and you

will soon well and feel better after

having done it. Try the experi-

ment and see if we are not right.

THE Southern Standard is the

name of a new Democratic paper

just started at McMinnville, East

Tennessee. We give it the right

hand of fellowship and wish it great

success.

THE river is rising again from

the recent rains—plenty of water

for navigation. The B. S. Rhea is

looked for this evening en route for

Caip.

LATEST styles in jewelry, very

cheap, also a full line of autumn leaf

and plated jewelry, chains, pins and

earrings and Buttons, call and see

them at Cooke's.
